What is your comment?	Comments from Environmental agency are very relevant re industrial estate behind having no noise restrictions 24hrs ! im more than 100m away and the noise 24hrs a day can be excessive , as suggested they will need sound proof windows The new 30 / 40 mph signs are in front of proposed development and will need to be moved . The new development of four 5 bedroom houses will undoubtedly involve parking and reversing of vehicles onto and off station road So hoping the 30 mph limit could be extended to A17 junction approx 300m away .
