Subject: RE: Planning Application ref; B/24/0052 ; 33, Church Road, Old Leake, Boston, PE22 9NS

Environmental Operations have no objections in principle to this application.

Refuse vehicles would be unable to service bins from private drive at rear of development, so prospective residents would need to present bins for collection on footpath on Church Road.

Kind regards

Daniel Blackburn | Depot Technical Support Officer | **Boston Borough Council**
