| What is the nature of your representation? | Comment |
| What is your comment? | Dear sir I would like to comment on the change of use of Kings Road tyres. My concerns are as follows, Noise pollution and disturbance as my property is adjoining the said property. Car parking and access to my property and increased traffic, especially HGVs, and Vans. Also there's one window overlooking our property which should be a frosted glass window, which was discussed with the previous owner, but nothing was rectified because of COVID. |
