

Existing structural opening to be reused. Existing windows to be replaced and brickwork below removed to form large glazed opening. Blockwork separation to be formed (see Plan) to create Meter Room with new door either side. Satin Anodized Aluminium shopfront frame 100x40mm section. Doors and narrow opening lights at high level to provide ventilation also in SAA. D2 glazed / D1 solid (along with over door panel) Low profile, wheelchair threshold with original stepped entrance. Stall riser and end cheek of dividing blockwork wall to be finished in folded SAA sheet to match.

THIS DRAWING IS THE PROPERTY OF SteveturnerDESIGN AND MAYNOT BE REPRODUCED IN WHOLE OR IN PART WITHOUT PRIOR WRITTEN CONSENT. THIS DRAWING IS NOT TO BE SCALED. ALL DIMENSIONS ARE TO BE CHECKED ON SITE BY CONTRACTORS. DOCUMENT UNCONTROLLED WHEN PRINTED

opening lights at high level to provide ventilation.
Low profile, wheelchair threshold with internal ramped entrance. Stall riser to be finished in folded SAA sheet to match.
