Informatives:

The Black Sluice Internal Drainage Board indicates that the watercourse on the property's eastern boundary is Board-maintained but that the land within which this watercourse lies is not owned by the Board. The Board has a Byelaw prohibiting the siting of any obstructions within 9m of the lateral edge of the watercourse without the prior written consent of the Board. The Board has granted a relaxation of the Byelaw to permit the extension proposed under this planning application, but wishes to remind the applicant that any other structures within the Byelaw distance are unconsented by the Board and, as such, the Board reserves the right to give notice under the Land Drainage Act 1991 for these structures to be removed should the Board require access to its asset for maintenance or replacement.
