Yes it is that B/21/0465  
But the website they say we can put our opinions to isn't working that is why we have contacted yourselves  
Regards Deborah & Clive sadler

Deborah Sadler

11 Churchill Drive Boston PE210NH [REDACTED]

We would like to object to planning consent of the development west of toot lane boston.  
This developer is intending to alter the drain on our boundary which puts us at risk of flooding & also ruins our view & takes away the security of our bungalow as we have a four foot hedge as a boundary.

How can they take a drain away & put a swale in then build there buildings higher so we get to flood it's a flood plane our property shouldn't be put at risk

Please acknowledge this email as apparently there's a two week window!  
Yours sincerely

Deborah & Clive Sadler
