CDM 2015
As part of our principal designer duties under the Construction (Design & Management) Regulations 2015, we have minimised the risks as far as reasonably practicable whilst carrying out our normal design process. Any items that would require additional identification or explanation of risks remaining are detailed on this drawing and/or in the accompanying risk register. However, we deem the design and construction described on this drawing is not past the realms of capability for a competent Principal Contractor using traditional methods of construction.
