

Shallow SW Manhole Detail Less Than 1.5m Deep

<p>As outlined in section 2.3 of the CITB Industry Guidance to Designers, insignificant risks can usually be ignored, as can risks arising from routine construction activities, unless the design compounds or significantly alters these risks. In accordance with CDM Regulations 8, 9 and 11, any significant risks relating to the design features shown on this drawing have been identified and are annotated thus: </p>		
<div><input checked="" type="checkbox"/> No significant risks have been identified.</div>	<div><input type="checkbox"/> Significant risks have been identified - refer to notes on drawing for information on residual risks and any control measures to be employed.</div>	
<p>Refer to the current Designer's Risk Assessment sheets for further details.</p>
