***If this option is chosen knee rail fence no longer required.

Subject to full site survey from a Proludic Representative.

Based on a flat fully established grass site.

Proposed Grassmat Safer surfacing is based on a fully established grass site (including a minimum of 150mm of good quality soil and turf).

Preliminaries have been included within your quotation, these equate to site setup, site storage, delivery, unloading of equipment, site welfare, heras fencing & signage and skips (this can also include supervision where necessary).

Measurements taken from client drawing Ref: No reference, client supplied dwg Measurements correct at time of CAD drawing.

All pathways, furniture, planting, mounding and any other soft landscaping works not mentioned above are to be done by others.

Fencing will be made up from standard straight lengths and installed faceted. If rounded fencing is required this will incur additional costs.

Some images shown are for illustrative purposes only. The quote and items list will show the exact equipment used.
