Subject: EM_3WWX_29650616 B/23/0183 Bicker Fen, Boston PE20 3BL

Good afternoon

Looking at the above planning application **B/23/0183 Bicker Fen, Boston PE20 3BL** we (Cadent) would not object to the planning application but we would be most grateful if an informative could be raised with the applicant

Cadent own and operate Intermediate and High pressure gas assets in the area of the application and must be approached and liaised with before any work commences as there will be restrictions when working in the vicinity of Intermediate and High Pressure gas pipelines

Regards
