

Alterations and Extensions to 19 Ashton Hall |Drive, Boston, Lincolnshire

Flood Risk Assessment

The site is located in flood risk zone 3 according to the Environment Agency's flood risk maps for planning.

The building on the site is an existing 2 storey dwelling.

The works involve altering and extending the existing dwelling with a single storey extension.

The alterations and extensions to the building will have a finished floor level to match the existing.

It is confirmed that these alterations and extensions will be at no greater risk than the existing dwelling which they are attached too.
