## 5. Grounds for Application

### Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

I have got information from Boston Borough council that I don't need planning permission for my change. Instead I can apply about LDC and I wish to do it.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use. Please note that following changes to Use Classes on 1 September 2020, the list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

## 5. Grounds for Application

Is the proposed operation or use

☒ Permanent ☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

I do not need to change any size of existing windows in my home. I want to insulate my home to be warm and healthy for my family. I do not want to change construction of my house so everything will be safe to live in home in a future.

## 6. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☐ Yes ☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
