Dear Sharon,

Hope this email finds you well.

Thank you for the allowance of extension of time to produce the requested documents.

Please find attached bellow Statement of Heritage Significance and Flood Risk Assessment.

To answer the 3rd point in regards to whether the proposal physically touch the existing building, we can confirm that the proposed pergola is not connected to the existing building and it sits independently away from the building as seen on the plans provided.

Hope the attached information is sufficient to progress this application and please do not hesitate to get in touch if you may need any further clarification.

Kind Regards,
Vas
