To whom it may concern,

RE: Drainage and surface water - Change of use of land and existing building from agricultural to creat an Autism support centre, providing respite short stay, physio therapy and day support at Land Norrth of A52, between Butterwick and Bennington.

Foul sewage will be addressed via a suitably sized septic tank.

Surface water will be addressed via a combination between permeable surfaces throughout the site and a rainwater harvesting system as noted on drawing 05B.

Please feel free to get in touch should you require any further information.

Kind Regards

Angela Keen BA(Hons), MArch
