If you do wish to comment you should bear in mind that planning is about the use of land and the control of development for the public interest, e.g. what a new building looks like in the street, the effects of an access on highway safety, the general appearance of the countryside, economic benefits accruing to the area etc. Private interests like property values, and competition between companies for instance will rarely affect a decision. Please include your name and address; correspondence without this information will not be taken into consideration.

As a result of negotiations the submitted details may change and only if the changes are significant will this application be re-advertised. All representations made to an application are published on our website until an application is determined.
