

EVERYTHING YOU NEED TO KNOW ABOUT OUR FACADE COLOUR RANGE

Request your
free sample now
www.cedral.co.uk

Below you will find the colours available by material. Also included are the nearest available RAL codes (shown in brackets below each colour reference). Please note that as Cedral colours are bespoke and not manufactured to RAL, this won't be an exact match and we strongly recommend obtaining samples to ensure the colour matches your expectations. Not all of our colours have RAL matches: these are indicated by 'n/a'.

Cedral Lap can be supplied in a range of 21 factory applied colours and 2 woodstain finishes providing an aesthetic option to suit most project requirements. Cedral Click and Cedral Click Smooth finishes can be supplied in 11 factory applied colours. Other colours within the range, bespoke colours and Cedral Click Smooth are subject to minimum order quantities and extended lead times.

Ⓒ Cedral Click and Cedral Click Smooth standard factory-applied colour range.

* Not available for Cedral Click or Cedral Click Smooth.

** Cedral Click and Cedral Click Smooth may be subject to minimum order quantities and extended lead times.

† Cedral Board is available in these colours.

‡ Cedral Lap in Light Oak and Dark Oak is designed to mimic the appearance of stained natural wood and, as such, a variation in the colour and shade is part of the effect inherent in the material design.

Please note: the colour photographs above are for reference only and we recommend you request a sample.
