Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including:

- The siting and location of the building(s); and
- From 1 August 2020, details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

The proposed development is for the conversion of the existing agricultural building to form 1No. large dwelling house.

The building is located to the West of Seadyke Road.

Natural light will be provided by the insertion of new windows and resue of existing openings in the external envelope of the building.

Are any associated building works or other operations required to make this change?

Note that such works are restricted to those listed below that are reasonably necessary to convert the building(s) for use as a dwellinghouse:

- the installation or replacement of windows, doors, roofs, or exterior walls;
- the installation or replacement of water, drainage, electricity, gas or other services;
- partial demolition to the extent reasonably necessary to carry out the works listed above.

Yes

○ No

If yes, please provide details of the design and external appearance of the building(s) in regard to these building works or other operations:

The cladding will be replaced on the upper walls and roof with new metal cladding.

New windows and doors inserted into external envelope of building.

Relevant services to be installed.

Please provide details of any transport and highways impacts and how these will be mitigated:

n/a

Please provide details of any noise impacts and how these will be mitigated:

n/a

Please provide details of any contamination risks and how these will be mitigated:

Existing cladding to be checked by asbestos specialist.

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency). Check if your site location is in Flood Zone 2 or 3 online.

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Refer to attached Flood Risk Assessment.

I / We hereby apply for Prior Approval: Change of use - agriculture to dwellinghouses as described in this form and accompanying plans/drawings and additional information. I / We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine options of the persons giving them. I / We also accept that: Once submitted, this information will be transmitted to the Local Planning Authority and, once validated by them, be made available as part of a public register and on the authority's website; our system will automatically generate and send you emails in regard to the submission of this application.
